

Beauty You Can Afford

NEW Reduced Pricing

Check out our new (limited time only) pricing on the five most popular skin care treatments, below:

Microdermabrasions – to soften fine lines, reduce blotchy pigmentation and improve skin texture and acne scarring.

Now Only \$99

Chemical Peels (Jessner & Glycolic) – to treat and repair sun damage, pigmentation problems and scarring.

Now Only \$79

Customer Blended Facials – created to match your skin type, and can be combined with other services to achieve maximum results.

Now Only \$69

IPL Photofacials (Intense Pulse Light)– technology that corrects facial skin imperfections, birthmarks, unsightly small veins and other blemishes.

Now Only \$169

Ageless Remedies cares about the long term health of your skin and want to help you keep your healthy, beautiful glow with new pricing that works for any budget.

Botox

\$13 per unit
Administered by our PA/NP

A BOTOX Cosmetic treatment is a simple, non-surgical procedure that smoothes the deep persistent lines between your brows that developed over time. One quick treatment – a few tiny injections – relaxes the muscles that cause those lines to form and keeps them relaxed up to four months.

The results are dramatic and apparent within days. Most people return directly to work or normal activity following the treatment.
